A charge of time delay will be applied to this case as purposeful incorrect cross reference labeling the plaintiff as the defendant

A charge of time delay will be applied to this case as purposeful hinderance and violation of due process

A charge of compromise under fraud actions will be applied to this case as the document submittal has been incorrectly assigned and has not been viewed by the Prosecutor selected by King Michael Vegeta Tutankhaman/King Dr. Michael Vegeta Dumbledore III

No process under this jurisdiction has the authority to pursue King Michael Vegeta Tutankhaman/King Michael Vegeta Dumbledore III in a court of law as His Majesty is the authority in which is assessing the function of the United States District Court for not following procedures of recovery of a missing Chief Juris Superior Chief Justice and is also the Royal Angel as illegal measure of persecution, in which is a trial by execution of those partaking in the conduct of illegal procedure.

As so ordered to be applied and effective immediately

You do not have the permission of the Juris Superior Chief Justice to communicate unless you litigate with the prosecutor in which is the correct vexation from being antagonistic. Furthermore, vexation or vexatious is not a charge and cannot be applied to a minutes to order statement as this definitive is deemed a statement of aggravated harassment originating from the incorrect convening board, in which this material for the pleadings and decisions, and not for an open channel of communication, in which is only for the prosecutor and the staff in which the prosecutor so choices to deem pertinent in order to process this verdict through completion.

Additionally, all civil judges are so ordered to be removed from any communicates, effective immediately as those very same judges do not have the Juris Superior Chief Justice permission to communicate directly with the Juris Superior Chief Justice or even make recommendations, due to the prosecutor being able to register both type of material, means the prosecutor is an Associate Justice and actually outranks every single civil and criminal judge.

Deny any further litigatory derogatory solicitous terminology unless these terms on a recommendations next action for completion is uploaded is so ordered to be removed.

Order to reassign the 72 cases workload plus to the prosecutor in order to avoid delay, in which is generated by pay to hire civil judges sitting on cases in order to obtain the pay for the case work load and do not know the difference in litigating and attacking a Juris Superior Chief Justice, in which out ranks everyone in the United States of America and the entire world.

Less than 180 days of submittal of recommendation to dismiss is insufficient time to perform the investigation and no pretrial conference has been scheduled. 15 days is the time allocated for docket registration.
